**MEETINGS**

The Audit Committee will strive to meet at least twice a year, with authority to convene additional meetings, as circumstances require. All Audit Committee members are expected to attend each meeting, in person or via tele- or video-conference. The Audit Committee will invite members of management, auditors or others to attend meetings and provide pertinent information, as necessary. It may hold private meetings with auditors (see below) and executive sessions. Meeting agendas will be prepared and provided in advance to members, along with appropriate briefing materials. Minutes will be prepared of formal meetings.

4. Review with management and the external auditors all matters required to be communicated to the Audit Committee under generally accepted auditing standards.

5. Understand how management develops interim financial information, and the nature and extent of external auditor involvement.

**Internal Control**

6. Consider the effectiveness of the company's internal control system, including information technology security and control.

14. Independent audits shall comply with the requirements of applicable law and shall be prepared in accordance with such generally accepted accounting principles and reporting practices as may from time to time be prescribed by the American Institute of Certified Public Accountants, or its successor organization, and shall be examined by an independent certified public accountant in accordance with generally accepted auditing standards for the purpose of expressing an opinion thereon.
