

Attribution/markings
Comparison of treatment between Version 3 and 4.0d3

v3.0	v4.0d3**
Author and attribution parties if designated	Creator and attribution parties if designated (must provide in any reasonable manner requested by Licensor, including by pseudonym or trademark if designated)
Copyright notices if supplied	A copyright notice if supplied
Title if supplied	Removed – not required but can be encouraged
*Notices that refer to Public License or the disclaimer of warranties if supplied	Notice containing <i>customized</i> disclaimers or an undertaking of warranties if supplied; not required to retain notices reiterating default
URI licensor specifies to be associated with the work (but only if references copyright notice or licensing info)	If you modified the material, include a URI/hyperlink to the unmodified material
If Adaptation, credit indicating Work has been used and reasonable steps taken to identify that changes were made to the original	Indicate if you modified the material
*URI for Public License	Indicate the material is available under Public License and include text/URI/hyperlink

* = not subject to reasonableness standard

** = all may be fulfilled “in any reasonable manner based on the medium, means and context in which” the material is shared
